OPTIONAL ROMANTIC EXPERIENCES

Pro Tip for travel during the summer:

- During the summer – higher humidity and temperatures around 90°F.
- Great time since kids are off school, and hotel rates often drop due to lower overall visitor numbers.
- Allows for some exciting festivities, such as local fairs and cultural events.
- Private Cabana
- Private Dinnes & Tasting
- Spa Experience

WHAT YOUR VACATION JOURNEY CAN LOOK LIKE

- **Holistic relaxation daily:** Mornings may begin with yoga or aqua spinning, followed by time in the hydrotherapy spa amenities.
- **Gentle social atmosphere:** Expect evening entertainment like live music or casual karaoke—low energy, elegant.
- **Fitness and wellness culture:** If you enjoy light classes or fitness routines, the resort's premium gym and studio spaces are available.
- **A few indulgent upgrades:** Arrange a private beach dinner or dessert tasting night to mark a celebration.
- **Ease of planning:** Butler service can schedule these experiences for you—just ask.
