

# Better Together.

*Life's most meaningful moments are even more beautiful when shared.*

Planning travel for a group is one of the most rewarding — and most complex — things you can do. From coordinating flights and accommodations to balancing different budgets, preferences, and personalities, the details multiply quickly. That's where we come in.

## GROUP EXPERIENCES WE DESIGN

- Milestone birthday trips and landmark anniversary celebrations
- Girlfriends' getaways and ladies' retreat experiences
- Family reunions across beautiful destinations worldwide
- Multi-couple escapes — travel better together
- Corporate retreats and team celebration trips
- Cultural and heritage group journeys

## WHAT WE HANDLE FOR YOUR GROUP

### Room block negotiation & group pricing

We secure dedicated room blocks at preferred group rates — often significantly lower than individual booking prices.

### Guest coordination from start to finish

Every guest receives clear travel information, booking support, and direct access to our team for questions.

### Unified itinerary with room for individuality

Shared experiences planned beautifully alongside free time — so the group connects without anyone feeling managed.

### Airport transfers and on-the-ground logistics

Arrivals, departures, and everything in between — coordinated seamlessly so no one is left figuring it out alone.

## THE WHITE SAND TRAVELER GROUP DIFFERENCE

We don't just coordinate travel — we design shared experiences that bring people closer together. Every guest at your group trip should feel as individually cared for as you do. That is the standard we hold ourselves to, regardless of group size.
